**LOWER HUDSON REGIONAL INFORMATION CENTER OFFERS INFINITE CAMPUS STUDENT MANAGEMENT SYSTEM**

**Oct. 5, 2007** – Arden Hills, Minn. – Infinite Campus and Custom Computer Specialists Inc. (“Custom”) announce that the Southern Westchester BOCES/Lower Hudson Regional Information Center (LHRIC) in Elmsford, New York has signed a partnership to offer the Infinite Campus student data management system for K12 education.

“We are pleased that LHRIC will offer and support Infinite Campus to their districts,” said Charlie Kratsch, Infinite Campus Founder and CEO. “The districts they serve will join more than 1,100 districts across the country that are using Campus solutions to drive good decisions, leverage resources and meet the educational needs of the future.”

LHRIC serves the districts of Westchester, Putnam, and Rockland counties in New York. These districts are eligible to receive support services and financial aid from the BOCES and New York State by purchasing Infinite Campus through the LHRIC.

Custom Computer Specialists is a regional Alliance Partner for Infinite Campus and a leading technology solutions provider. “Infinite Campus gives educators the tools to manage the volumes of data collected by districts and allows them to make better decisions,” said Alan Lacher, director for Custom. “Rapid access to student information is critical and state reporting is becoming increasingly complex. This partnership couples the most innovative technology with LHRIC’s extensive educational resources. Districts will now be able to receive expert local support while lessening their financial burden.”

“We are pleased to offer our districts another option for managing student information,” said Jim O’Brien, director of LHRIC. “Infinite Campus is a cost-effective and valuable system that will enable districts to manage data and deliver high-quality services to students. Having worked with Custom in the past, we know we can count on them to implement Infinite Campus professionally, with expert support to districts throughout the integration process.”

Infinite Campus is the student information system used by more than 40 New York area school districts and is now supported by six New York BOCES including Eastern Suffolk BOCES, Genesee Valley BOCES (EduTech), Monroe 1 BOCES, Nassau BOCES, Southern Westchester BOCES and Wayne-Finger Lakes BOCES (EduTech).

**About the Lower Hudson Regional Information Center**

The Lower Hudson Regional Information Center (LHRIC) is a nonprofit consortium providing educational and administrative technology services to 62 school districts in Westchester, Putnam, and Rockland counties. It is one of twelve Regional Information Centers in New York that are part of the BOCES system. [www.lhric.org](http://www.lhric.org)
