Infinite Campus Continuous Release E.1007 Now Available

Feb. 15, 2010 – Blaine, Minn. – Infinite Campus, Inc. today announced the release of the Infinite Campus District Edition E.1007 student information system. E.1007 represents the next release under the new monthly continuous enhancement release cycle. “E” represents the enhancement line delivering the latest features and innovations available from Infinite Campus.

Highlights of the Infinite Campus District Edition E.1007 release include:

- Four new data synching verification reports for customers in states using the Infinite Campus State Edition
- A data integration services data synching interface and verification report are available to quickly understand district data parity when synching with the Infinite Campus State Edition
- The Campus Census verification report includes federal race/ethnicity reporting data, school number and defaults to hide the social security number
- The section roster report provides access to office personnel, alternate row shading and large rosters can print in two columns with additional sort and print options now available
- Improved mass assignment to teams in Campus Scheduling and hover view added in the Campus Walk-in Scheduler

The continuous release cycle reflects the commitment of Infinite Campus to Transforming K12 Education® and its dedication to delivering new functionality to customers. Campus Customers benefit from the earliest possible use of enhancements that will make a difference in the lives of K12 educators, administrators, staff, parents and students.

Announced in October 2009, details about the continuous release cycle can be found on the Customer Support Portal including an FAQ document, webinar recording, and the PowerPoint used in the webinar. The maintenance line is another option available for customers to select. Additional information can be obtained from your Campus Client Executive.
