Infinite Campus Continuous Release E.1011 Now Available

Mar. 17, 2010 – Blaine, Minn. – Infinite Campus, Inc. today announced the release of the Infinite Campus District Edition E.1011 student information system. E.1011 represents the next release under the new monthly continuous enhancement release cycle. “E” represents the enhancement line delivering the latest features and innovations available from Infinite Campus.

Highlights of the Infinite Campus District Edition E.1011 release include:

- Mailing labels can be generated for multiple schools and calendars within the district simultaneously, including one label per student or one per household options
- Display enhancements including color coding to simplify the walk-in scheduling process, hover capability to quickly display open seats, section number, and period, as well as multiple sections in the same period will display
- Numerous year-end state reporting and localization enhancements

The continuous release cycle reflects the commitment of Infinite Campus to Transforming K12 Education® and its dedication to delivering new functionality to customers. Campus Customers benefit from the earliest possible use of enhancements that will make a difference in the lives of K12 educators, administrators, staff, parents and students.

Announced in October 2009, details about the continuous release cycle can be found on the Customer Support Portal including a new User Reference Guide, Naming Conventions and Delivery Cycle document, and FAQ document. The maintenance line is another option available for customers to select. Additional information can be obtained from your Campus Client Executive.
