

Transforming K12 Education®

Infinite Campus® provides districts with the integrated tools needed to streamline student administration, enable stakeholder collaboration and individualize instruction. The entire system is web-based so educators, parents and students have access to information from anywhere at any time. The system also serves as a district-wide transactional data warehouse allowing student data to be entered once and leveraged across the entire district supporting data-driven decision making.

Administration

Infinite Campus provides administrators, teachers and staff with the tools needed to effectively manage students. Student administration features help automate and manage K12 education processes.

- Attendance
- Behavior
- Census
- Employee Self Service
- Enrollment
- FRAM Management
- Health
- Medicaid
- National Records Exchange
- School Choice

Curriculum

Infinite Campus provides a variety of curriculum planning and management tools for setting standards, managing courses, and effective scheduling.

- Course Catalog
- Graduation Planning
- Mapped Curriculum Support
- Online Registration
- Scheduling
- Standards Management
- Transcripts

Instruction

Infinite Campus believes all students are special and each deserves an individualized education to meet their unique learning needs. Instruction gives teachers an easy-to-use, completely integrated set of tools for managing their classroom and helping them to focus on each student.

- Assessment
- Grade Book
- Individual Learning Plans
- Lesson Planning
- Seating Charts with Student Photos
- Special Education
- Standards-based Report Card

School Services

Streamline school service functionality to improve the efficiency of managing daily operations.

- Document Management
- Fee Management
- Food Service
- Locker Management

Communications

The importance of strong communication with stakeholders is important to the success of each student.

- Email and Voice Messenger
- Emergency Notification
- Form Letter Wizards
- Mobile Device Support
- Parent/Student Portal
- Parent/Student/Staff Survey
- User Notices

Reporting

Use your data to populate standard reports, build customized ad hoc reports with user friendly wizards and leverage the integrated state reporting capabilities. And with SQL Reporting Services your district can leverage your Infinite Campus data to generate customized reports to meet specific needs.

- Standard Reports
- Ad Hoc Reporting
- Integrated State Reporting
- SQL Reporting Services

Analysis

Leverage the data being managed across the district for real-time decision making. This data creates a transactional data warehouse providing districts with the built-in ability to analyze information.

- Data Analysis
- Data Warehousing
- Data Visualization

To help educators maximize their investment, Infinite Campus provides professional services including rapid implementation services, data conversion, training, ongoing support and application hosting.
