

Real-time Insights to Information

The Campus Portal provides access for parents and students to their Campus information as it is being entered by teachers, counselors, and staff. The Campus Portal encourages active participation by parents in their student's academic progress while simplifying the distribution of external communications.

Eliminate surprises at conference time by providing ongoing student performance updates via the Campus Portal

Integrated Solution

The Campus Portal is a communication tool providing external stakeholders secure access to the data managed within Infinite Campus.

- Provide access to attendance, assignments, and grading information for better accountability of each student's success
- Give parents To Do List reminders for homework that is due or late for individual students or view by household
- Post notices, announcements and teacher newsletters eliminating "backpack" messages

Key Features

- Choose which data elements to display at the district or school level or turn off any time
- Display discipline, fees, food service, health, graduation planning, school choice application and transportation information
- Show conventional and standards-based grades
- Provide national, state and local assessment scores
- Post report cards online to reduce printing costs
- Display information in multiple languages
- Give users the ability to create and manage their own accounts
- Manage access through Campus Census household relationships
- Provide one login to view all students in a household on one screen
- Customize the user interface to coordinate with your school's look and feel
- Link to non-Infinite Campus Web sites
- Create, disable, delete, enable, and force password changes for all student accounts

Actively involve parents and guardians in the success of their students by leveraging your Infinite Campus investment using the Campus Portal. Learn more by contacting your Infinite Campus representative today.
