**Nevada Department of Education Becomes Infinite Campus Statewide Customer**

**August 18, 2015** – Blaine, Minn. – With the selection of Infinite Campus for its statewide data collection system, the Nevada Department of Education (NDE) becomes an Infinite Campus statewide customer joining South Dakota, Montana, Kentucky, Hawaii and Bureau of Indian Education. Infinite Campus already manages more than 94 percent of Nevada’s student data and NDE found Infinite Campus to be the only vendor with an off-the shelf K12 state department of education data management system.

“We are pleased that the Nevada Department of Education has chosen the Infinite Campus State Edition (ICSE) for its data management solution,” says Ashton Faires, Infinite Campus Regional Director of Sales. “For more than a decade, Infinite Campus has been a proven statewide solution for departments of education. NDE will now have access to timely, transparent and an accurate collection of Nevada K12 student data.”

By maintaining only one system and utilizing the extensive capabilities of ICSE, NDE will reduce time spent on state reporting for districts while capturing the required student data in real time. “The Infinite Campus State Edition will allow the NDE to have secure, real-time bi-directional data flow between the state and the districts,” says Faires. “ICSE will greatly improve efficiencies and lower overall costs for the NDE and Nevada districts.”

“We are pleased to be working with Infinite Campus and we are excited to roll out the Infinite Campus State Edition,” said Dr. Steve Canavero, Deputy Superintendent of Student Achievement at the Nevada Department of Education. “There is a lot of work that lies ahead, but we feel confident the final outcome will be an improved experience for our local districts and NDE.”

The NDE expects to be fully operational with ICSE by July 2016.

**About the Nevada Department of Education**

The Nevada Department of Education’s mission is to improve student achievement and educator effectiveness by ensuring opportunities, facilitating learning and promoting excellence.
