Creating the Road to Graduation

Introduction to Academic Planning -
Learn how to setup Academic Programs so the computer does the heavy lifting for you!

Academic Planning
Audience: Building Administrators, Counselors, Schedulers
User Level: Beginner
Monday - Session 3, 10
Tuesday - Session 6, 9
Friday - Session 1, 4

Will I graduate?

What does it mean to track student progress towards graduation? What types of reports can be run to verify students are on track? This session is designed to show the different ways to track student progress toward graduation and report on the results. Learn about tracking credits, pathways, course requirements, and how to pre-plan student courses.

Academic Planning
Audience: Building Administrators, Counselors, Schedulers
User Level: Intermediate
Monday - Session 7
Tuesday - Session 2, 9
Friday, Session 3, 7

So, when will it be delivered?

How can student four-year plans be utilized within the scheduling tools and also be used to prepare for future staffing? Forget registration sheets and use Teacher Recommendations and/or have Students/Parents/Counselors directly input Course selections into the Academic Plan in Infinite Campus. Then create those requests with a click of a button! This session is all about how to use and optimize plans that have been built.

Academic Planning
Audience: Building Administrators, Counselors, Schedulers
User Level: Intermediate
Tuesday - Session 4, 10
Friday - Session 5, 9

How do I use this Ad Hoc thing?

If you are a new Infinite Campus user or new to Ad Hoc this session is for you! In this session, we will cover how to create simple reports with drag and drop functionality to see results in a real time report.

Ad Hoc
Audience: All
User Level: Beginner
Monday - Session 1, 6
Tuesday - Session 4, 10
Friday - Session 2, 9
Is it AdHoc-able?

Do you understand the basics of Ad Hoc but want to do more? In this session users will learn Ad Hoc tools such as finding fields, entering criteria to pull specific data, renaming fields and other output options, exporting data and using the Data Viewer to create data and view results immediately.

I need a report that includes...

This session will highlight the use of the function tool, logical expression, and aggregate tool in Ad Hoc. These tools can be used for: adding and subtracting, adding coalesce, concatenate and constant functions. Participants of this session should be proficient in basic Ad Hoc, with the ability to create query wizards and selection editor filters.

Visualize Your Data

Learn how to use the basic foundations of the Pivot Designer to look at your data in a new way.

Show me more!

Advanced look into the Pivot Designer and ALL that it has to offer. Behavior, grades, and attendance are just a few reports that can be created to give you an insight on your data.
One Test, Two Test, Red Test, Blue Test

Let’s take a look at the setup & import functionality of Assessments using Assessment Mapping and the Import Wizard.

Assessments
Audience: Building Administrators, Counselors, Curriculum Directors, SIS Administrators
User Level: Intermediate
Monday - Session 6
Tuesday - Session 5, 6
Friday - Session 7

Mischief Managed!

Create Events and Resolutions at the district or school-level to fit your needs. Dive into the Letter Designer, Behavior Messenger, and Detention Tracker. Explore the reports to keep you proactive.

Behavior
Audience: Building Administrators, Office Staff, SIS Administrators
User Level: Intermediate
Monday - Session 4
Tuesday - Session 8
Friday - Session 2

Mr. Spicoli, what’s your reason for your truancy?

From submitting a Behavior Referral to adding a Resolution, take a look at the process and tools we have to assist in managing student behavior.

Behavior
Audience: Building Administrators, Office Staff, SIS Administrators, Teachers
User Level: All
Monday - Session 7
Tuesday - Session 5
Friday - Session 6

Benefits of Examining your Data

Learn the benefits of the Data Health Check and ways to clean up your Census, Student, Scheduling, Transcript, Behavior and Special Ed data.

Campus Analytics
Audience: Counselors, Office Staff, Schedulers, SIS Administrators, SPED
User Level: All
Monday - Session 1
Tuesday - Session 3, 7
Friday - Session 10
Moving from Reaction to Prevention
In this session, participants will learn about key features of the Early Warning tool and ways they can use it to help identify and support students who are at risk of dropping out in middle and high schools. In addition to sharing how some district and school personnel are using Early Warning, we will cover issues around access, ethics, and available accompanying resources that can support training in their district.

A Teacher’s Life
Discover areas of Campus Instruction that can make your day to day life a little easier. From Attendance, to Adding an Assignment, to Default Reports.

Let the Community work for you
Campus Community is a free resource that allows you to pick the brain of someone in your role that faces the same challenges. In this session, participants will learn the benefits of using Community and how to use it efficiently to find what you are searching for.

Get the most out of the Grade Book
Let the Grade Book work for you, not against you. Learn how to use the Grade Book to its fullest. Learn about Rapid Scoring, cross-course Assessments, multi-section Grade Books and much more. It’s time to click less!

Campus Analytics
**Audience:** Building Administrators, Counselors, Office Staff, SIS Administrators
**User Level:** All
- Monday - Session 5
- Tuesday - Session 6
- Friday - Session 2

Campus Community
**Audience:** All
**User Level:** All
- Monday - Session 5
- Tuesday - Session 8
- Friday - Session 5

Campus Instruction
**Audience:** Building Administrators, Curriculum Directors, Teachers
**User Level:** Intermediate/Advanced
- Monday - Session 2, 10
- Tuesday - Session 1, 9
- Friday - Session 1, 6
Beyond the Grade Book

Planner, Library, Units, Lesson Plans, Assignment Content -

In this session, we will dive into the most powerful, fully-integrated learning management system on the market, Campus Learning. Campus Learning seamlessly embeds with Infinite Campus and saves teachers tons of time by placing their LMS and student info ALL in one place.

Teacher and Student Interaction

Take a double-sided view of Student Submission, Discussions and Scoring Rubrics. We'll look at the tools from both a teacher and student perspective.

Yikes! Who's failing?!

With Score Analysis, view a distribution of student scores on an assignment and visually break down how each student scored. Use Progress Monitor to view students' proficiency at a glance and easily manage assignments across ALL standards in a section.

Charge it

Campus Online Payments is a reliable, and secure electronic payment processing solution for both food service and fee transactions. Parents can easily see fees and food service balances as well as pay on Campus Parent via the app or a computer! ALL transactions made are available in real time in the Payments Reporter tool in Infinite Campus for reconciliation, refunds, and general reporting needs.
I want that!

Parents and students can access the School Store to select spirit wear, purchase school supplies, pay for activity fees, or make donations. The secure and easy-to-use design makes it simple to manage, add, and update offerings while eliminating manual processes, paperwork, checks, and cash. A pick list, inventory tracking, as well as sales report are also available.

Sign me up!

Activity Registration is a great place to setup Activities, Field Trips, and Athletics. Activity Registration allows for you to use Custom Forms and the School Store for Campus Parent and Student as well as reporting.

Staying in Contact

In this session, we will discuss how to energize use by your largest user population to improve communication.

If this happens...

Allows users to set up events important in their daily operations and define whom to notify when they occur and/or what needs to happen next. Actions following a triggering event can include: sending emails to specific groups of users and/or running a custom database script (custom SQL/database action).
Check in - Check out

Improve attendance accuracy and efficiency with Campus Workflow Advanced Attendance & Appointments. Allow students to scan ID badges into various locations like the health and counselor's office, classrooms, and detention. Empower parents to submit absence requests via the portal or mobile app.

Campus Workflow
Audience: Building Administrators, Office Staff, SIS Administrators
User Level: Advanced
Monday - Session 1, 7
Tuesday - Session 1
Friday - Session 8

KUWC - Keeping up with Census

If not careful, Census data can get messy fast. Learn how Clean up Households and Addresses using Search tools and Data Health Check where applicable.

Census
Audience: Office Staff, SIS Administrators
User Level: Intermediate
Monday - Session 2, 7
Tuesday - Session 5, 8
Friday - Session 4, 8

Compile the Data

The Census Wizard can get a bit confusing! We'll dive into some ways to update members, addresses and households; plus, how to create households from scratch using the Census Wizard.

Census
Audience: Office Staff, SIS Administrators
User Level: Beginner
Monday - Session 4, 8, 10
Tuesday - Session 5, 7
Friday - Session 2, 8

Let’s build a Household!

Learn different ways to create, maintain and build census information and how to use the other tools to build a household from the ground up.

Census
Audience: Office Staff, SIS Administrators
User Level: Beginner
Monday - Session 5, 9
Tuesday - Session 1, 6, 8
Friday - Session 4
### Cleanup Reports

Let the reports work for you! Check out some reports that can assist in keeping your Census data in tip-top shape throughout the school year. These reports can be helpful for student and staff cleanup.

**Census**  
**Audience:** Office Staff, SIS Administrators  
**User Level:** All  
Monday - Session 10  
Tuesday - Session 5  
Friday - Session 3

### Campus Your Way

Understand the functionality between the three different types of tabs and fields that can be created in Infinite Campus, as well as learn how to create shortcut links to outside URLs, frequently used As Hocs, and Pivot Design reports.

**Customizing Campus**  
**Audience:** Office Staff, SIS Administrators  
**User Level:** Intermediate  
Monday - Session 3, 10  
Tuesday - Session 2, 8  
Friday - Session 7, 9

### Upload to Publish

Custom forms are a fantastic way to collect and house data set up the way you need. Plus, they're Ad Hoc-able! Bring a PDF document you would like to create into a fillable form on a device with Adobe Pro® to learn how to create the fields on the form and map the fields in order to be pulled into an Ad Hoc. Join us for an overview of leveraging the Custom Forms tools for data entry and, more importantly, data output.

**Customizing Campus**  
**Audience:** Office Staff, SIS Administrators  
**User Level:** Advanced  
Monday - Session 3  
Tuesday - Session 10  
Friday - Session 5

### For the Love of Forms

The Custom Forms tool is used to upload supplemental documents linked to a person’s record. Custom Forms can be set up to pull information directly from Campus and/or data entered into a form queried and reported in Ad Hoc. This course will take a high-level look at the latest functionality and setup.

**Customizing Campus**  
**Audience:** Office Staff, SIS Administrators  
**User Level:** All  
Monday - Session 9  
Tuesday - Session 7  
Friday - Session 10
Campus Database 101

Diving into the basics of the schema of Infinite Campus. Learn what views are available and how this can benefit you and your district.

*Some knowledge of SQL recommended but not required

Database
Audience: SIS Administrators
User Level: Intermediate/Advanced

Monday - Session 2
Wednesday - Session 7
Thursday - Session 3
Friday - Session 6

Campus Database 201

Efficiently querying tables to get the most out of your data. Explore counting, sub-queries, and searching within the database.

*Some knowledge of SQL recommended but not required

Database
Audience: SIS Administrators
User Level: Intermediate/Advanced

Monday - Session 8
Wednesday - Session 2
Thursday - Session 10
Friday - Session 3

Don’t touch that

Don’t be intimidated by Stored Procedures. Stored Procedures are a great way to create locked queries. These can be used in reports, data extracts and Events and Actions. Join us as we show you how to use them safely and efficiently.

*Some knowledge of SQL recommended but not required

Database
Audience: SIS Administrators
User Level: Intermediate/Advanced

Tuesday - Session 4
Wednesday - Session 4
Thursday - Session 6
Friday - Session 9

So you want to use SQL?

Connecting to a 3rd party or need to have something updated routinely? The Data Extract Utility Tool and Task Scheduler might be what you are looking for. Discover how to utilize these tools to your advantage.

*Some knowledge of SQL recommended but not required

Database
Audience: SIS Administrators
User Level: Intermediate/Advanced

Tuesday - Session 1
Wednesday - Session 9
Thursday - Session 5
Friday - Session 5
Simple SSRS

Although Infinite Campus has a lot of canned reports, we can’t have every report that a district could need. Learn how SSRS can allow your district to create custom reports that can be tailored to your needs.

*Some knowledge of SQL recommended but not required

Getting fancy with SSRS

With investigation and exploration, complex reports can be created with SSRS to accommodate your needs. Dive into perimeters, tablix and other features of SSRS to make your report stand out.

Over the Horizon

Ever wonder what you may have missed or what may be coming up? Join us as we show you some of the features to look forward to and take a look at some of the features that have been released in the last couple of months. You won’t want to miss this!

Blended Learning Tools

Planning for a new school year and figuring out how to meet guidelines for keeping students and staff healthy, but still providing students with skills for learning is challenging. To ease some of this discomfort, new Blended Learning tools are available, which provide the tools for creating a schedule and tracking attendance with distance learning in mind. These tools provide the structure that can be used for the planned releases later in the year.
### That’s brilliant!

Looking to get more out of Infinite Campus? This session offers a few unique ways to use Infinite Campus that you may not have thought of!

**Features**  
**Audience:** All  
**User Level:** All  
Monday - Session 1  
Tuesday - Session 6, 10  
Friday - Session 2

### Beam me up, Charlie! Show me the new Nav!

Curious about the new look of Infinite Campus but nervous to make the switch? You'll be sure to be hooked once we guide you through the new navigation!

**Features**  
**Audience:** All  
**User Level:** All  
Monday - Session 3, 8  
Tuesday - Session 4, 9  
Friday - Session 3, 5, 9

### How to make cents of these dollars

Infinite Campus Fees is a great way to track course fees, damages, and much more! Assign fees in mass to students, view outstanding fees, as well as track payments for each student. Statements can also be viewed and printed on Campus Parent. Look up fees for students and run reports from the same system in real time.

**Fees**  
**Audience:** Business Office, Office Staff  
**User Level:** All  
Monday - Session 1  
Tuesday - Session 2  
Friday - Session 3

### FRAM - Online!

The Online Applications tool allows district FRAM processors to process online Meal Benefits Applications submitted to the district via the Portal. This session will walk users through the setup of Online FRAM application. Participants in this session will get a look at the Portal view of online application as well as how to process an online application through Infinite Campus.

**FRAM**  
**Audience:** Food Service Director, FRAM Processor  
**User Level:** All  
Monday - Session 6  
Tuesday - Session 7  
Friday - Session 4
FRAM - Let’s take it from the top!

This session introduces the tools used to define system preferences for free and reduced lunch application processing and management of student’s eligibilities. In this session, you will learn to setup FRAM Preferences and letters, process paper and online Household Applications, enter Student’s Free and Reduced eligibility status into the system, and generate reports on Household Applications and eligibilities entered.

FRAM

Audience: Food Service Director, FRAM Processor
User Level: All
Monday - Session 2, 8
Tuesday - Session 3, 10
Friday - Session 1, 6

Tasks and Categories and Scores Groups - OH MY!

Are you looking for more standardization in the Grade Book setup or just want to take the burden off the teachers? We’ll take a look at what course information can be set up at the district/school level that will push to teacher gradebooks.

Grading & Standards

Audience: Building Administrators, Schedulers, SIS Administrators
User Level: Intermediate/Advanced
Monday - Session 5
Tuesday - Session 9
Friday - Session 6

Let’s get organized!

Just because a piece of software allows for something, doesn’t necessarily mean it’s a good idea. The various options regarding how a grade book can calculate in Infinite Campus are abundant. We will explore the different options and use cases and considerations of these in traditional, standards-based and hybrid environments.

Grading & Standards

Audience: Building Administrators, Schedulers, SIS Administrators
User Level: Intermediate
Monday - Session 2
Tuesday - Session 7
Friday - Session 1, 10

Let’s talk standards calculations

Are you using Rubrics? Join us for an explanation of the Proficiency Estimates to help decide which one fits the needs at your school. We'll also take a peek at Standards Rollup.

Grading & Standards

Audience: Building Administrators, Schedulers, SIS Administrators
User Level: Intermediate
Monday - Session 3
Tuesday - Session 8
Friday - Session 2
Nausea, heartburn, indigestion...

Come and review the Health module and see the new functionality! Learn the process of tracking student Health Office issues including health conditions and medications.

Health
Audience: Health Office Staff
User Level: Beginner/Intermediate

Monday - Session 2
Tuesday - Session 2, 3
Friday - Session 6

Health - Setup & Reports

Learn how to set up necessary information used to track Health Conditions, Medications, Immunizations, Screenings, set Health Office appointments and record Health Office Visits.

Health
Audience: Health Office Staff, SIS Administrators
User Level: Beginner/Intermediate

Monday - Session 8
Tuesday - Session 1
Friday - Session 5

Speedy Delivery

A top priority for schools and teachers is keeping parents and student informed. Come on over and see how you can start sending messages using Campus SIS. No more imports or exports. Use real-time data, assuring your messages get to the right person, at the right time...making staff, parents and students happy!

Messenger
Audience: Building Administrators, Office Staff, SIS Administrators

Gearing up for next year's School Registration (OLR Standard)

Check it off the list! Review your application and verify settings before opening Online Registration for Parent/Guardians.

Online Registration
Audience: OLR Administrators, SIS Administrators
User Level: Intermediate

Monday - Session 8
Tuesday - Session 3
Friday - Session 7
Gearing up for next year’s School Registration (OLR Prime)

Check it off the list! Review your OLR Prime application and verify settings and fields before opening Online Registration for Parent/Guardians.

Online Registration
**Audience:** OLR Administrators, SIS Administrators
**User Level:** Intermediate
**Monday - Session 3**
**Tuesday - Session 7**
**Friday - Session 3**

Does this come in a different color or size?

Need to add new questions and track the data? Join us to learn how to add a new Pleat, build the questions you need, and have them map back to Custom fields in IC.

Online Registration
**Audience:** OLR Administrators, SIS Administrators
**User Level:** Intermediate
**Monday - Session 7**
**Tuesday - Session 2**
**Friday - Session 5, 9**

Applications are in! Now what...

Review and Approve/Post applications. Staff Processing is done! Student processing gives students an enrollment in a school.

Online Registration
**Audience:** Office Staff, OLR Administrators
**User Level:** Intermediate
**Monday - Session 4, 9**
**Tuesday - Session 1, 6**
**Friday - Session 4**

Health Conditions and Medications Galore

Learn how to process Health Conditions and Medications in OLR, plus map Health Conditions back to the Conditions tab in IC.

Online Registration
**Audience:** Health Office Staff, OLR Administrators
**User Level:** Intermediate
**Monday - Session 2**
**Tuesday - Session 4**
**Friday - Session 8**
OLR Statistics

Take a look inside your Online Registration statistics and Audit Reports. Find out which families have yet to fill out an annual update, who started an application but didn't finish, even what messages have been sent out with what status. ALL these tools can help your schools stay on top of the registration process throughout the year.

Online Registration

Audience: OLR Administrators, SIS Administrators
User Level: Intermediate
Monday - Session 1, 4
Tuesday - Session 10
Friday - Session 4

Things are getting pretty serious

This session is designed to introduce you to the Response to Intervention module. You will learn steps necessary to set-up Plan Types, Providers, Template Banks, Positions, Custom forms, and Interventions. Then, you will dive into how to properly manage Team Members, Documents, the Student Summary, and the Contact Log.

Programs

Audience: Counselors, SIS Administrators, SPED, Teachers
