**Edina Public Schools, Minnesota, Selects Infinite Campus**

December 1, 2015 – Blaine, Minn. – Infinite Campus was selected by Edina Public Schools (EPS) as its new student information system (SIS) to provide district-wide efficiencies, real-time parent/student access to information and to help meet their long-range strategic goals. Infinite Campus provides a full-featured solution from a Minnesota-based company backed by local service and support teams.

“We are pleased that after a thorough evaluation to find the best SIS for their district, EPS chose Infinite Campus,” said Sean Forster, Infinite Campus Regional Sales Manager. “We are excited to partner with EPS in helping prepare students for the future by ensuring they can learn anytime, anywhere, and at their own pace.”

Infinite Campus will provide EPS with administrative functionality to make informed decisions and accurate projections. Students and parents will be able to access real-time information about grades, schedules, assignments and more, all accessible from any device with Internet access. Teachers will have a comprehensive suite of tools, including learning management functionality, for 21<sup>st</sup> century instruction. Infinite Campus will also provide product enhancements, at no additional cost, to ensure ever-changing requirements are met easily.

“In this uncertain time of mergers and acquisition, Infinite Campus assures EPS of being partnered with a stable company that’s been led by the same CEO and maintained the same, continuously improved product since 1993 without end-of-life or the reimplementing of another vendor,” Forster added. “We welcome EPS to our strong network of more than 130 Minnesota districts and active user groups and we look forward to working with EPS well into the future.”
