

Campus Staff Evaluations

Campus Staff Evaluations extends the power of Infinite Campus student information system (SIS) customers by providing additional tools for staff performance including evaluation templates, defining rating scales and the ability to upload supporting documentation. It evaluates all staff members using an integrated and streamlined process.

To assist in expediting the setup process Campus Staff Evaluations now allows the import of the Danielson FFT (Framework for Teaching) to automatically bring in the full rubric complete with Domains, Components, Elements and Rating Scales that can be added to evaluation templates.

Benefits

Campus Staff Evaluations works with Campus Census and Human Resources (HR) tools to provide efficiencies to school administrators in the teacher evaluation process.

Staff evaluations are essential to ensuring that all students have access to effective teachers and schools so that they achieve their highest potential.

- Available as a Premium Product to SIS customers (HR not required)
- Included in HR suite (no additional cost)
